

# ICMMD 2017

2017 International Conference on Mechatronics and Mechanical Design

will be held in Malacca, Malaysia February 25-27, 2017. (<http://icmmd.org/>)

With the growing capabilities of electronics, modern mechanical systems are embedded with electronics and controls. A background in Mechatronics engineering provides a strong set of skills and knowledge that will allow graduates to integrate seamlessly with this growing trend. ICMMD 2017 aimed at promoting research worldwide and publishes basic and advanced research work from all branches of engineering, physics, and materials science for the design, analysis, manufacturing, and maintenance of mechanical systems.

Join ICMMD 2017, share the latest research with the world!
